BSA MEMBERSHIP VALIDATION

Two registered adult leaders 21 years of age or over are required at all Scouting activities, including meetings. There must be a registered female adult leader 21 years of age or over in every unit serving females. A registered female adult leader 21 years of age or over must be present for any activity involving female youth. Notwithstanding the minimum leader requirements, age- and program-appropriate supervision must always be provided. All adults accompanying a Scouting unit who are present at the activity for 72 total hours or more must be registered as leaders.

VERIFICATION OF REGISTRATION:

All Daniel Webster Council units attending a summer program at Griswold Scout Reservation or Camp Carpenter, will have their rosters reviewed prior to their arrival.

All Out-of-Council Units (those who are not registered with the Daniel Webster Council) must provide verification that their adults and Scouts are registered by their council prior to their arrival. Verification must be submitted at the pre-camp meeting or sooner.

VERIFICATION MAY INCLUDE:

- An Official and current Charter Roster from the Council
- Roster of adults and youth from Scoutbook.
- Roster of adults from www.my.scouting.org
- Copies of current Membership cards and YPT cards.
- A letter on official Council letterhead from the Council Registrar, stating that all Scouts and Adults are registered. Must include the list of names of the youth and adults on the letter.

VERIFICATION MAY NOT INCLUDE:

- Any report that is not an officially sanctioned by the Boy Scouts of America, such an excel file kept by a unit, any Troopmaster, PackMaster.

It is recommended that all Scouts and Adults submit any new or last-minute registrations to their council a minimum of two weeks prior to the pre-camp meeting to ensure that they are properly registered. Any Scout, who is not registered, will not be able to participate in the summer camp program. Any adult, not registered or current with Youth Protection Training, will not be allowed on property.

SCOUTS, BSA & LINKED UNITS

Griswold Scout Reservation is excited to welcome Scouts BSA Linked Male Troops and Female Troops. All youth who attend a summer program at GSR must be a registered member of a Troop, no exceptions. Crossover Webelos Scouts must be registered with their new Troop before arrival of summer camp. Parents should check with their Scoutmaster for confirmation. We hope the following information will address anticipated questions or concerns.

LINKED TROOPS

A linked troop is chartered by the same charter organization. All Linked Troops will be served as one individual unit. This means that a Linked Troop will have **one** registration through Doubleknot, one roster, and one payment. This decision was made with the hope of supporting the linked committee that would be responsible for registration, payment, etc. All Youth Protection Guidelines stay in place. This would mean that a Linked Troop with 10 girls and 10 boys would need a minimum of 4 adults.

ADULT REQUIREMENTS FOR LINKED TROOPS

After conferring with the National Boy Scouts of America Program Department the following has policy has been established. All Linked Troops must provide a minimum of four registered adults over the age of 21 with one of those adults being a registered female leader.

SCOUTS BSA - G TROOPS

All Scouts BSA G Troops will be welcomed in the same way as any other Scouts BSA Troop at GSR as it pertains to registration, advancement, etc. G Troops will likely share campsites with other G Troops. All latrines and campsite accommodations have been adjusted to meet this need. All latrines and showers are single stall and lockable. All Youth Protection Guidelines should be monitored and enforced by adult leadership within the campsite.

ADULT REQUIREMENTS FOR G TROOPS

All G Troops will be required to provide a minimum of two registered adults over the age of 21, with one of those adults being a registered female leader.

APPROPRIATE SWIMMING ATTIRE

Swimsuits should be comfortable, functional and modest. For males, swim trunks or board shorts are appropriate. Modest tankinis or one-piece swimsuits for females. Inappropriate swimwear includes swim briefs or swim bottoms short enough to allow exposure and bikinis.

CAMP REGISTRATION

TO RESERVE A CAMPSITE

Please follow the directions below for reserving a campsite.

- The 2022 Campsite Reservation Form reserves a spot for your unit in camp
- This form does not guarantee your exact campsite (campsites are assigned at the two-week planning meeting)
- Most Units complete this form while in camp during the previous summer
- All Units should confirm their form is on file and their information is correct ASAP (ideally in September)
- The \$100 deposit is refundable and can be rolled over from the immediately previous summer
- The form will ask for an estimated number of Scouts / Venturers attending (male & female)

CAMPSITE SELECTION

GSR will make every reasonable effort to honor a unit's request for a given week and campsite. Units will be notified of their campsite at the Pre-Camp Meeting. GSR reserves the option to relocate units according to the capacity of the campsite/camp and the size of the unit to meet the health and safety of all campers and staff. Availability is on a first come, first served basis.

The following deadlines will not change based on the system update. These will be maintained regardless of system implementation, please plan accordingly.

UNIT ACCOUNTS & PAYMENTS

It is expected that your Unit account be paid in full before your session in camp (including campership payments). This can be accomplished in 3 ways:

- Make payment in full through the online registration system (Unit incurs service fees).
- Make payment in full to the DWC office more than two weeks prior to your camp stay (no service fee).
- Final adjustments may be made at the Pre-Camp Meeting before the start of camp.

A representative from your unit who is familiar with the finances of your camp group must meet with the Support Services Staff to reconcile your account upon arrival at camp. **All units must be reconciled upon arrival at camp.**

[Note: Future reservations, advancement records and leader recognition will be available only after this reconciliation. Units owing money due to damages and or lost camp equipment must make final payment by Saturday before departure. We suggest each Unit bring the necessary means to make necessary payments. Over-payments will be refunded through the Council Service Center.]

MEDICAL FORMS/INFORMATION

Please plan to have all medical forms submitted no later than May 31st for all adults and campers attending camp. All forms must be mailed to the DWC Service Center. Medical Forms will be delivered to the GSR Medical Officer weekly. Forms are not guaranteed to be delivered, if mailed to GSR directly.

Scouts registering individually as Provisionals, CIT's, High Adventure participants, etc., must have their form to GSR no later than May 31st.

MEDICAL FORM REQUIREMENTS

- Every Scout and every Adult must submit a completed and current BSA Annual Health & Medical Record form to attend camp.
- Parts A, B & C of the form must be complete.
- A doctor's signature (accompanied by a date which is within 12 months – plus the remaining days of that same month) must be present. The doctor's signature affirms a physical examination has taken place within the past twelve months and all information contained upon the form is both valid and up to date.
- The BSA Annual Health and Medical Record is the only permitted form to be used for BSA resident summer camp.
- Please work with your doctor to include all information within the BSA form and avoid using attachments.

Medical forms will not be returned to you at the end of your stay, per NH law.

REVIEWING MEDICAL FORMS

- 1) Is there a parent signature with date on the form (this grants participation and permission to treat)?
- 2) Is there a Doctor's signature with date on the form (dated within the past 12 months of your stay)?
- 3) If the Doctor used an electronic signature, did someone from his/her office manually sign to verify it?
- 4) If there have been any changes since the form was completed, have they been properly recorded?
- 5) Did you keep a copy for your records, and send a backup copy to go with the Troop/Crew to camp?
- 6) Did you send (and label) a 'new' copy of the form for each program the participant will be involved?
- 7) Does the form indicate the Scout's home Troop/Crew and Council (plus program / week at camp)?
- 8) Is the form written in ink and completely legible (especially after being copied)?
- 9) Does the form list all allergies (especially dietary allergies)?
- 10) If the participant has food allergies, please contact the Food Service or Camp Director after June 10th.

VACCINATIONS

All participants must present proof of up-to-date vaccinations for Measles, Mumps, Rubella (MMR) and Tetanus, Diphtheria and Pertussis (Tdap). There will only be one exception, which is for those who are medically unable to complete the vaccination. Accommodations will be made for those scouts, but it may preclude participation in some activities and necessitate alternative accommodations during their stay with Daniel Webster Council. Documented medical reasons for not having these vaccinations must be presented with a note from your Scout's medical provider no later than two weeks prior to arrival at camp. It must have an actual signature from a licensed medical doctor.

INSURANCE

The Daniel Webster Council insures each of its registered Scouts and Leaders for accidents, sickness or injury that may occur during their stay at camp. This insurance coverage is secondary coverage only, meaning it will only cover those expenses that are not recoverable under any other policy. Out of Council participants MUST PROVIDE written evidence of their insurance coverage through their membership with a BSA Council.

EPI-PEN & INHALER PERMISSION FORM

The State of New Hampshire requires resident camp participants under the age of eighteen who carry Epi-Pens and/or inhalers to submit a permission form, which requires a physician signature. There will be no exceptions to this.

MEDICAL FORMS/INFORMATION

HIGHLY RECOMMENDED: MEDICATION DISPENSATION CLARITY

Make certain – in advance – that actual medication and treatment practices from home are exactly what is listed on the medical form signed by the doctor. Parental interpretations, permissions, or practices – from home – are not permissible by State Law at camp if those practices are not listed by a doctor on the medical form. **To be clear: our medical staff is legally bound to follow what is strictly written by the doctor on the medical form; not what the parent instructs whether in verbal or written form.**

HIGHLY RECOMMENDED: MEDICATION ADMINISTRATION RECORD

To help speed up Sunday check-in for everybody, please use our **MEDICATION ADMINISTRATION RECORD** (at <http://www.nhscouting.org/>) form legibly filled out in ink for each participant who will be administered medications (regardless of age)! Please only fill out the top section legibly (the medical staff will complete the rest of it at check-in). This form is given to the health staff during your check-in tour at the same time as the participant's medication(s). Be sure the name on the Medical Administration Record is written exactly as it appears on the Medical Form (no nicknames).

HIGHLY RECOMMENDED: ADULT RESPONSIBILITIES WITH HEALTH MATTERS

Units should assign one adult to be extremely familiar with all medical matters within the unit and to handle all medical questions at check-in. Non-attending parents are not permitted to visit with the nurse on check-in day. Parents of Scouts with unique circumstances should contact the nurse prior to check-in day to resolve matters.

NOTE FOR CAMPER INVOLVED IN MULTIPLE WEEKS OF PROGRAM:

If a camper is participating in multiple weeks of program at GSR, we highly recommend he/she submit a new copy of his//her medical form for each week he/she is attending. Please do not request to have his/her form pulled from earlier week's files as that corrupts the archives and creates unnecessary expenditure of time and energy.

REMINDER: WE CANNOT COPY OR RELEASE FORMS!

New Hampshire State Law prohibits the release of medical forms at the conclusion of your programs. As such, the Daniel Webster Council and Griswold Scout Reservation cannot return nor make copies of medical forms for you at the end of your week. Please make – and keep – copies of your forms prior to submitting them to GSR. Thank you!

MEDICATIONS

New Hampshire State Law and National Boy Scouts of America policy mandate all medications at a resident camp session lasting more than 72 hours (regardless of how long the individual stays) must be declared (both upon the individual's medical form and upon their arrival in camp). **Per NH law, all medications must be given to the nurse upon arrival and secured by him/her (regardless of the participant's age / position).** Emergency medications (or other medications approved by the nurse at check-in) are exceptions. In the case of an exception (granted only by the nurse), the nurse will make suitable arrangements with the individual on a case-by-case basis.

Only legal medications are allowed. Legal medications are medications in their original containers with a doctor name, patient name, administration instructions, dosage, and date on the pharmacy label (or accompanied by a doctor's note with this information on his/her stationery). Only send the number of pills needed. There should be specific times listed for dispensation of each medication, as well (i.e.: please define 'twice daily' etc.). If any changes occur to the information provided on the pharmacy-labeled container (or doctor's note), another updated doctor's note must be included which describes and approves such.

Only medications described and included on the medical form will be allowed. Parental 'permissions' do not replace, supplant, or alter doctor's written orders on medical forms. A note from the doctor must clarify or clearly indicate when medications are only taken on an 'as needed' basis (i.e.: the nurse, parent or Reservation staff may never change the orders issued from a doctor on a medical form). New medications prescribed after the medical form was completed must be accompanied by a current doctor's note indicating the information above, etc. All medications will be self-administered in the presence of medical personnel, with a Unit Leader accompanying Scouts.

Per New Hampshire State Law and Boy Scouts of America National policy...

All medications must be declared & turned in upon arrival to a resident camp regardless of how long the individual will be staying on the property.

This law - and this policy - applies to all adult leaders, camp staff and youth campers, equally.

One Unit adult gathers all bags from everyone in your Unit - adults included - who have meds. That ONE adult needs to make sure all the points listed above are correct BEFORE proceeding to the next step or before coming to the GSR Medical Staff.	Once you meet your primary staff leader for the week, be sure to inform him / her of your medication needs and times. In that conversation, create a timeline and plan for receiving your first required medications.
Once ready, this ONE adult - nobody else - brings all your Unit's individual medication bags to the medical / registration Staff at Carter Lodge if during regular arrival time.	Please navigate to www.nhscouting.org to find all forms referenced above.

POLICIES & PROCEDURES

TELEPHONE & MESSAGES

If we receive an incoming call at the Administration Building, a message will be placed in your unit's mailbox. In the case of emergency, the message will be hand delivered. The main camp lines are for emergency or business use, only. Please discourage your Scout's parents from the need for updates. "No news is good news" works best! Please help us preserve the 'total immersion experience' by eliminating the need for contact with family members while in camp.

Emergency Phones:

Hidden Valley Scout Camp: 603-364-2900

Camp Bell: 603-524-0436

Other phones are available for adult leaders to make outgoing calls. Campers may only use the phone under extreme circumstances when in the presence of a Unit Leader, only.

WIFI FOR ADULT LEADERS

Adult Leaders will find Wi-Fi available in various locations around camp. Leaders are responsible for providing their own computer/device to access the Wi-Fi service. ADULT LEADER ACCOMODATIONS

Adult leaders are encouraged to do any business work or lounging in the newly renovated Leader's Lounge/Library in Carter Lodge at Hidden Valley, which features various workspaces, outlets, and couches. Adult leaders are also encouraged to utilize the Big Room of the Main Lodge at Camp Bell. Please be respectful of other leaders and help limit these areas to adult leaders only.

POLICIES & PROCEDURES

STOVES, LANTERNS & FUELS

Due to the potential danger involving storage of fuels used in camping lanterns/stoves, you must plan with your Commissioner to store fuels in a safe place. Heat-producing lanterns may never be hung in tents. Fuel of any kind must be declared to the commissioners. Both lanterns and stoves must be used under adult supervision. **PLEASE: NO FLAMES IN TENTS. NO EXCEPTIONS.**

WILD ANIMALS AT GSR

Griswold Scout Reservation is a 3,500-acre wilderness area that is the home of many wild animals from chipmunks to fisher cats to black bears. To maintain safety for all, we mandate all campers/leaders observe these guidelines:

- No food in tents at any time
- Please use the 'raccoon barrel' for storage of food items
- Be careful of smellables such as deodorants and soaps
- Never feed animals or leave food for them
- Any abnormally acting animal should be reported to the Administration Building immediately.
- Keep away from such animals regardless of its size.

FIREWOOD

No firewood may be brought onto GSR property from off site. Please help control invasive species!

HEALTH & SAFETY

Our Commissioner Staff will provide training and supplies for the purposes of keeping your campsite and shared camp facilities (e.g.: shower houses, etc.) clean. Also, each campsite will be monitored daily for health & safety trends and upkeep.

TRASH CANS & PICKUP

HELP KEEP OUR CAMP CLEAN. A trash can is provided by each campsite sign. Please leave it by the road so it can be emptied by the Commissioner Staff. This will also keep animals from coming into your campsite. Trash is picked up after dinner each day. Trash cans are also located throughout camp. Please don't litter!

LATRINES

Every campsite on the reservation has a latrine. Each latrine has multiple, individual locking stalls for toilets, as well as a urinal. Every latrine has a wash basin for washing hands, only. A spigot is also attached. It is the unit's responsibility to keep the latrine clean. Various cleaning supplies will be found at your unit's latrine. Please contact your Commissioner with questions or concerns.

SHOWERS

Hidden Valley Shower Facilities

North Showerhouse (Near Campsite Saco)

South Showerhouse (Near Campsite Buley)

Carter Lodge Showers – Please... Adult Leaders Only

Camp Bell Shower Facilities

Bell Hill Showerhouse

Please be good to our Shower Houses. Always leave things "better than you found it." In addition to each person doing their part, a duty roster will be issued in camp assigning Units their turn to clean shower houses and other central facilities (e.g.: Visitor's and Dining Hall bathrooms and Shooting Sports latrine, etc.). A Scout is clean! Do your best!

POLICIES & PROCEDURES

FOOTWEAR

Bare feet are only allowed in your tent, the shower and at one of the waterfronts. Everywhere else: **YOU MUST WEAR CLOSED-TOED SHOES!** This includes walking from Main Waterfront across the parking lot to Visitor's Bathroom!

SMOKING

Per New Hampshire State Law and BSA National Policy, smoking is reserved for adults aged **21** and older, only. Smoking may never be within sight, smell, or knowledge of an under-18-year-old. This includes e-cigarettes and vaping, as well. Designated smoking areas will be assigned in camp. Smoking may never take place in a building or tent.

CAMPERS WITH DISABILITIES

Any special accommodation request must be made in writing by May 31st. GSR will do its best to assist but can make no guarantees.

ARE YOU & YOUR SCOUTS IN SHAPE?

Each day's program demands extensive walking over very, very hilly terrain. You will be required to pack gear to your campsite. We do not provide or encourage any alternative means of getting around camp other than by foot. Any exception to this policy must be discussed and authorized by the Reservation Director in writing by May 31st.

LOST & FOUND

PLEASE LABEL ALL OF YOUR GEAR WITH NAME AND TROOP NUMBER. GSR or DWC is not responsible for lost or stolen items. During the summer, GSR collects clothing items at the HV Main Waterfront, and valuable items at each camp's Administration Building. When the summer ends, items are donated or disposed of immediately. Please ensure your Scouts are not missing anything prior to dismissal!

MOSQUITO NETTING

For those who use netting, please do not use dowels or sticks to hang your net. Bring along a role of kite string and a Commissioner will show you a far better – and more Scout friendly – way to do it!

BUDDY SYSTEM

We always use the Buddy System at GSR. This is a great chance to make new friends and stay safe, too!

FISHING LICENSES

All bodies of water at GSR are subject to New Hampshire rules and laws regulating fishing. Anyone wishing to fish who is 16 years of age and older is required to possess a NH Fishing License. Licenses are NOT available at camp.

PROMOTIONAL PHOTOS

We are always taking photos and film throughout the summer season for camp promotional purposes. If you or any members of your unit have objections or privacy concerns, please make sure to indicate this on the Medical Forms Consent Page (Part A) and notify the Reservation Director so we can honor your/their wishes. Also, if your unit is willing to share any pictures it takes, we would love to have a copy of them! We're always looking for pictures that capture our Staff in action...or to add to our promotional materials! Thank you!

BIKES

Bicycles, unless a part of a designated GSR program, may not be used for transportation. Most terrain at GSR is not suitable for bikes of any sort and pose a possibility for significant injury. Do not bring personal bikes!

POLICIES & PROCEDURES

DAMAGE, GRAFFITI & VANDALISM

In case of damage, notify the Camp/Reservation Director immediately. There is to be no defacement or unauthorized alteration of buildings, picnic tables, tents, trees or any other structures and equipment in camp. For example, the replacement cost for just a canvas tent could be as high as \$600. Such vandalism will be charged as needed to the unit(s) involved and must be paid before departure. There should be absolutely no cutting or damage of trees.

COMMISSIONER SERVICE

Every unit has their own commissioner! Get to know them! Your commissioner is your 'host' and link to information at camp. Use him/her to seek advice, and assistance while at camp. Your commissioner will pay daily visits to your campsite, ensuring health and safety! Feel free to ask them any questions, they are extremely knowledgeable!

QUARTERMASTER STORE & SUPPLIES

The Commissioner Service will provide you a list of items available at the Quartermaster Store. Toilet paper may also be obtained from your Commissioner or the Dining Hall Director. Other cleaning supplies, American Flags, brooms, axes, saws, service project tools, Dutch Ovens, etc. are available from your Commissioner. All unused supplies and loaned equipment must be returned by Friday. Please also see the Unit Packing List for suggested items to bring from home. Find a Commissioner before/after every meal, before/after every adult or SPL meeting or by having the Administration Building call him on his/her radio!

UNIT PHOTOS

A Unit Picture is available to your Troop/Crew. This is an optional choice for your unit. The order form will be made available to each Troop at the Pre-Camp Program Planning Meeting. Payment is due at the time of the photo. The photo is an 8 x 10 color print in a grey, cardboard frame. The cost is \$10.00 per picture. Methods of payment include cash, check or one credit card per Troop. Units will receive their photos before leaving camp.

UNIT & PATROL FLAGS

Don't forget to bring your unit flag to camp! Your Troop/Crew will assemble behind your unit flag daily on the parade field. And don't forget your Patrol Flags! Always use the Patrol Method!

PARKING & VEHICLES IN CAMP

Carpooling is highly encouraged! All vehicles must remain on main roads and park in designated areas. Do not block or park alongside roadways. **The speed limit on camp roads is 15mph.** Campers under age 18 need written permission from parents to have a vehicle in camp. **Only authorized vehicles (one per unit) will be permitted to campsites on Sunday arrival, after that, no vehicles should utilize campsite access roads, only Griswold Lane.**

MULTI-CAMP PROGRAMS & TRANSPORT

Unless part of a published and prepared, shared program at the Reservation, camper involvements are restricted to within the camp they are registered to attend. Reminder: the "Bell Highway" (Griswold Ln.) is for vehicle use only, not hikers (safety first)!

HIKING AROUND GSR

GSR has over 3,000 acres in the Belknap Mountain Range, with beautiful hiking trails of varying lengths and difficulty. We encourage units to hike and explore! **However, you MUST file a trip plan at the camp's respective administration building.** This is crucial for accountability.

POLICIES & PROCEDURES

QUIET HOURS

A Scout is Courteous. **Quiet hours are from 10:00pm – 7:00am.** Taps is at 10:00pm each evening Reservation-wide. These hours are in effect both in main camp and in the backcountry. There should be no loud noises or other noisy events to disturb others. **All Scouts should remain in the campsite until reveille.** All is quiet. Leaders are responsible for their units conduct. If your Troop plays Reveille or Taps, it must be sounded at 7am and 10pm, respectively, with no variance.

CPAP/POWER

In the event an adult leader requires power for a CPAP machine, or something similar, please consult the Reservation Director prior to your arrival as GSR may be able to assist.

CAMPSITE INSPECTIONS

At some time during the morning, a member of the Commissioner Staff will visit and inspect your campsite and record comments on the Daily Campsite Inspection Sheet that you will have posted on your bulletin board. The intent is to aid you in keeping a safe and clean campsite, not to "nit-pick" your standards of "camp-keeping".

CAMPER DEPARTURE & DISMISSAL

In the event of a camper leaving prior to the end of the week, the Camp/Reservation Director MUST be notified and oversee it.

When possible, please notify the camp 24 hours prior, so various paperwork can be gathered. The Scout, accompanied by an adult leader, will meet the individual at the camp's administration building. For campers to be released or picked up, permission must be indicated on the medical form and signed by the parent. At the time of departure, an in-camp adult leader must be present to verify all records and that all adults involved are approved.

SIGNING IN & OUT

Any time an individual, youth or adult, leaves the property during the week, they must sign in and out at the respective camp's administration building.

VISITORS - RIGHTS AND ACCESS

Parents, relatives, and friends are welcome on Sunday from 1:00pm – 4:00pm. and on Saturday 8:00am – 10:30am. **All visitors, other than Sundays and Saturdays, must sign in at the Administration Building.** Visitors are not allowed to stay overnight unless they are currently registered with a Unit and must have valid medical form. Any visitor staying overnight on camp property must be currently registered with the troop, have valid medical form, and must pay the appropriate camp fees.

ELIGIBILITY

GSR resident camp programs are open only to paid, registered campers and registered leaders of approved age brackets invited to any given program. Other guests will need permission of the Reservation Director regardless of any potential relation to eligible people attending camp. Conservation Easement guests visiting the property – who are not BSA-registered – may be restricted from areas where registered youth, adults and staff are located.

DWC KNIFE POLICY

Knives may be used around camp, as warranted. Proper axe-yards and Totin' Chip rules should be followed. Proper use and care will be regulated by the unit leadership; however, the camp staff has the right and responsibility to intervene should they witness any unsafe or prohibited actions.

EMERGENCIES IN CAMP

The camp staff has undergone extensive training to prepare for any emergency that might arise in camp. The camp has emergency phone numbers posted near all phones; radio communication throughout the reservation; a written agreement with the local rescue squad and the local hospital; fire equipment and first aid materials and a working relationship with the local Police, Fire and Sheriff Departments.

During an emergency, your responsibility is for YOUR Troop / Crew. Let the camp staff handle the emergency.

In the event of a major camp incident during your week, please discourage people from calling the camp. Those directly involved will be cared for and their families will be notified immediately. All Unit Leaders will quickly be informed and can communicate with families.

EMERGENCY SIRENS / SIGNALS

GATHERING ALARM: When you hear a swooping siren, report to:

Hidden Valley: Carter Lodge

EMERGENCIES IN CAMP

SEVERE WEATHER / STORM

Check the daily weather report in Camp Office, from Commissioners or at meals.

Commissioners will alert unit leaders to impending weather conditions and procedures to follow.

Whenever a severe storm occurs, everyone in camp should move into the closest secure building: [e.g.: Gilbert Dining Hall, Carter Lodge, Main Lodge, STEM Pavilion, Shower Houses, Latrines]

Avoid wide-open areas (e.g.: parking lots, parade fields, etc.) in an electrical or windy storm and avoid ground contact.

LIMITATIONS DUE TO EXTREME WEATHER

Always notify the Camp Staff if you wish to cancel an activity. We will help create a safe alternative for you. At least let us know where you are. If your Troop does not show up, we are uncertain of your whereabouts and unable to know if you are in need.

AQUATICS: All waterfront activities will be suspended under the direction of the waterfront director, or his/she designate at the signs of impending thunder and lightning storms. All campers, volunteers and staff will leave the waterfront safely under the direction of the staff. The director will open aquatic program activities when deemed safe.

BOATING, SAILING AND KAYAKING: All boating, sailing and kayaking activities will be suspended under the discretion of the waterfront director or staff leader in charge due to pending lighting storms, unsafe winds and waves. Campers and volunteers will follow the directions of the staff member in charge to bring boats ashore. Program will reopen when the staff leader feels conditions are safe.

COPE AND CLIMBING TOWER: At the direction of the COPE director the climbing tower and high and low elements will be evacuated pending severe electrical and lightning storm. Participants will follow the direction of the staff in charge. Program will reopen when deemed safe by the staff member in charge.

HIKING AND OUTPOST CAMPING: Weather conditions will be checked prior to starting the trip. Seek shelter from high points during electrical and lightning storms. Be aware of dangerous dead trees and branches during high wind alerts when picking campsites.

HORSEBACK RIDING: Follow the direction of the lead staff person during high wind and / or electrical and lightning storms. Dismount horses and follow the directions of the staff for care of the horses. Rides will be suspended by the staff leader if weather conditions will not allow a safe journey. Program will reopen at the staff person's judgment – in consult with administration – those conditions are safe.

OTHER HAZARDOUS WEATHER CONDITIONS

Special consideration must be given to atmospheric conditions that may affect campers and staff. You will be alerted to any changes in schedule and program when the following conditions exist:

EXTREME TEMPERATURES OR HIGH HUMIDITY

Strenuous activities will be suspended and extra time at the waterfront will be made available.

SMOG ALERT

Those with breathing difficulties will be advised to subdue their activity levels.

SEVERE WEATHER WARNINGS:

Administration staff will monitor weather warnings. Commissioner staff will advise leaders.

Remain out of 'open areas' during electrical storms.

POWER LINES DOWN

Keep all people at least 50 feet from the wire. Call or send two runners to the Administration Building to report the incident and location. Do not touch the wires with or without assistance from another object. If injury has resulted, do not move the person until the wire can be safely moved away from the person.

ENCOUNTERS WITH WILDLIFE

Griswold Scout Reservation covers roughly 3500+ acres and offers a wide range of exciting adventures including the opportunity to observe many types of birds, fish, and wildlife. Throughout camp you will see numerous animals especially squirrels, chipmunks, and common birds. Undoubtedly the opportunity to observe a raccoon, turkey, deer, moose, bear, or great blue heron will provide lifetime memories.

Animals often will be an exciting part of your adventures. Seeing them in their natural habitat is always a pleasure, but it is wise to remember that they are the permanent residents of the camp while you are the visitor. Treat them with respect, give them enough space so they will not feel threatened by your presence, and they will seldom present a threat to your safety. When an animal feels frightened, threatened, or trapped, it may fight for its life by attacking, scratching, and biting. In the event you are injured, seek help quickly as a doctor can best determine whether treatments will be necessary.

Avoidance of most wildlife can be summed up in one word: FOOD. If an animal doesn't find abundant food (or anything which, to them, smells curious like food does), it will move on. Most conflicts between people and wildlife are linked to careless handling of food or garbage. Learn to live responsibly with wildlife...in a way which also safeguards those around you now and tomorrow.

Young wildlife sometimes will stray from their parents and appear to be lost or abandoned. In most cases, however, the parents know where the youngster is. Taking in apparently lost or abandoned young usually does more harm than good. Wild animals are best left in the wild. If the animal is sick or injured, notify the camp ranger.

GENERAL WILDLIFE & HABITAT STEWARDSHIP

- Hike on designated trails only
- Keep a clean campsite
- Keep food and items with scent out of your tent
- Never approach or follow wild animals
- Avoid aggressive behavior
 - Walking directly towards an animal
 - Following an animal that has chosen to leave or circling or standing around an animal
- Do not feed wild animals
- Don't mistake a passive animal as a sign of safety
- Never tease or attempt to pick up wildlife
- Leave young animals alone; a protective mother is usually nearby
- Stay away from dead animals
- Notify the Camp Rangers, Camp Directors or Reservation Director of any animals acting strangely

Wild animals and insects can also transmit diseases. If anyone in the unit is bitten by an animal or has a suspicious bug bite. Please go the nurse as soon as possible.

FOR ADDITIONAL INFORMATION OR ASSISTANCE CONTACT YOUR RESERVATION DIRECTOR OR RANGER.

HOMESICKNESS

Studies have shown that as many as 83% of campers between the ages of 8 and 16 will become homesick during some point of their stay at camp. Homesickness can take many forms and includes (but isn't limited to) headaches or sore throats, not eating, or crying. It is important for adult leaders to Be Prepared for the possibility of one of their Scouts becoming homesick. (It is also important to remember the 'homesick parent' syndrome... most often seen with 1st Year campers away from home for the first time. Don't let the parent get clingy!)

The parents and Unit Leader can and should prevent most homesickness problems BEFORE arriving in camp. Camp is an immersion experience designed to build self-reliance...not to be feared or given 'opt-out' strategies.

BEFORE CAMP:

- Have parents read – carefully – the section on Homesickness in the GSR Parent Guidebook. Seriously!!!
 - First and Second year scouts are the most likely to become homesick during the week. Try to include them on at least two or three weekend camping trips before coming to camp. Not only does this provide scouts with the valuable experience of being away from home and camping, but it also allows them to get to know those in their troop better.
 - Provide time during meetings for scouts to discuss what camp is like with peers and troops leaders.
- Encourage parents to calmly reassure their son, and to discuss camp with them ahead of time. Remind parents not to offer sentiments like "honey, if you don't like camp, you can always call us, and we'll come get you." Educate all parents (especially) and youth that calling home from camp will not happen.

DURING CAMP:

- First and foremost, we are always happy to help with homesick Scouts, but we will not interfere until a Unit Leader asks us. FEEL FREE TO ASK! There are many trained staff that deal with homesickness from week to week who are glad to help. Be patient!
- Separate homesick campers! Homesickness is contagious! Scouts can feed off each other's misery. For this reason, keeping homesick scouts separate from other homesick scouts is important! At the same time, it is important to make sure that homesick scouts have friends around them who can help keep their minds off being upset.
- Try to discover exactly what is bothering your scout. Children can get homesick for various reasons including missing their parents, not liking the food, being picked on, not sleeping well, etc. Once you discover exactly what is bothering your scout you can work to fix it! The solution most often does NOT involve 'giving them what they want.' Consult the camp staff for assistance/advice.
- Slow times can be the toughest for homesick campers. They tend to focus on being homesick and this can make it worse. Try to keep your scouts busy or focused on other things throughout the day. Set goals for activities later that day/night or in the subsequent days to come.
- Don't make promises that you can't, won't or shouldn't keep! This will only compound the problem. Don't offer bribes to scouts for staying in camp, this sends the wrong message to children. The real reward should be the pride and confidence of surviving the week. Also please consult the staff BEFORE using the phone for any homesick "emergency!"
- Be sure not to berate or tease Scouts for feeling homesick. These are legitimate emotions and must be respected as such!
- In most cases, Tuesday and Wednesday are the most 'homesick-prone' days at camp for a young Scout. Be sure to keep them active and looking forward to the many activities yet to come.

YOUTH PROTECTION

Youth Protection Training is required to be current for all youth present at any BSA activity. Written proof is necessary. **GSR holds each unit responsible for only allowing currently certified people to participate in activities.** These policies have been adopted by the BSA to provide security for the youth in our program. In addition, they serve to protect adult leadership from situations in which they are vulnerable to allegations of abuse.

TWO-DEEP LEADERSHIP

No 18+ adult (regardless of gender) may ever be alone with one youth 18- (regardless of gender) unless 'suitable conditions apply.' A 'checks-and-balances' must exist for 'grey area' scenarios (e.g.: SM Conferences, etc.).

NO ONE-TO-ONE CONTACT

No adult may ever contact a youth unless part of an above-board, monitored program (including digital media). All activities must be explained clearly, properly administered and evaluated for having complied with YPT.

AGE-APPROPRIATE PROGRAMS & SEPARATE ACCOMMODATIONS

All bathing, showering, sleeping, and changing must be separate between those over/under 18 and by gender. Youth should only tent with others who are within two years of their own.

BUDDY SYSTEM

Buddies should be within two years of each other and be comfortable with the selection of the buddy.

PRIVACY

Each member (adult & youth) is entitled to their privacy. No intrusions are allowed without permission.

INAPPROPRIATE USE OF CAMERAS, IMAGING OR DIGITAL DEVICES PROHIBITED

Use of these devices is restricted to 'above-board' activities and locations regardless of age or gender.

NO SECRET ORGANIZATIONS

All BSA activities are mandated to follow Adult Association and Guide to Safe Scouting parameters.

YOUTH LEADERSHIP MONITORED BY ADULT LEADERS

Adults will always monitor and guide youth leadership techniques to be certain BSA policies are followed.

PROPER DISCIPLINE

As part of positive character development, all discipline in Scouting must serve as a teachable moment. At no time is discipline administered on the premise that the person will "learn their lesson the hard way."

PROPER CLOTHING & EQUIPMENT

Skinny-dipping, flashing and streaking are prohibited. All clothing and gear must meet Guide to Safe Scouting parameters and be free of un-Scout like logos, slogans, etc.

HAZING

Physical initiations and hazing actions are never permitted at any Scout activity.

NO BULLYING

Verbal, physical, or cyber-bullying are prohibited in Scouting.

EACH MEMBER MUST HAVE RESPONSIBILITY

Each youth and adult agree to zero tolerance for abuse in the program and to report suspected cases of abuse.

HEALTH & SAFETY

REPORTING VIOLATIONS OF YOUTH PROTECTION

If you have reason to believe any of the BSA's Youth Protection policies, including those described within Scouting's Barriers to Abuse have been violated and that a youth was put at risk you must notify the Scouts First Helpline, make a report, notify the Reservation Director, and notify the local Scout Executive so that he/she may take appropriate action for the safety of our Scouts. Discuss allegations or reports of abuse only with proper authorities, the Scout Executive, and the Scouts First Helpline. This will help prevent rumors, speculation, and misinformation from being disseminated.

Scouts First Helpline - 1-844-SCOUTS1 or 1-844-726-8871

PREVENTING UNAUTHORIZED INTRUDERS

Camp staff and volunteer leaders play a primary role in preventing the intrusion of unauthorized volunteers or guests at camp. The following procedures will be implemented at camp to prevent intrusions of unauthorized visitors from escalating to youth protection issues.

- All leaders and campers are instructed to wear the identification wristband (or identification card) supplied to them upon arrival. Camp staff are identified with appropriate staff uniform.
- Leaders will be instructed to "check in" at their campsites throughout the day. All troops will be encouraged to have a leader remain in the campsite whenever possible.
- All "mobile" staff members (Commissioners, Rangers, etc.) will be trained to watch for unauthorized visitors while traveling throughout camp.
- The buddy system will be emphasized to all Scouts and leaders during welcoming announcements on Sunday night and at the Sunday morning leader meeting. All staff members are instructed to question Scouts who are traveling in camp without a buddy and instruct them to return to wherever an appropriate buddy can be located.
- Camp taps is at 10:00pm nightly. After taps, camp management will tour the camp looking for anything out of the ordinary.

The following procedures will be shared with staff during staff training, with leaders at Sunday roundtables, and with SPLS:

- All visitors must report to the camp office to sign in and out. The Camp Director monitors this book.
- If an unauthorized visitor is suspected, notify the nearest program area or volunteer leader. All program area directors are aware of the best communication methods available. The program area director should report the suspected intrusion to the camp office. Do not allow the suspected intruder to roam free without supervision / monitoring.
- The Camp Director will proceed to the area with another member of the camp staff to question the suspected intruder.
- If the suspected intruder flees, the Management Staff will determine the best course of action moving forward.
- Program areas should continue as usual unless the Camp Director determines the situation warrants a return of all Scouts and leaders to their campsites. If so, the camp will implement the Lost Camper Emergency procedures.
- The Scout Executive will be notified. An assessment of the situation is made and, if warranted, the local law enforcement agency is notified.

HEALTH & SAFETY

MEDICAL COVERAGE AROUND THE RESERVATION

Griswold Scout Reservation is equipped with a Health Lodge staffed with a full-time resident nurse. A nurse manages the medication process while several members of our GSR Medical Staff are certified EMTs, Wilderness First Responders and the like. A non-resident physician is always on call, and local hospitals are available for those who might need additional attention.

If a scout needs to stay in the health lodge, the unit must supply a second scout for YPT. If, in the opinion of the GSR Medical Staff, a Scout must be confined or have close medical attention, he will be sent home for this care.

Finally, units should be aware that first aid kits are located at every program area and building on the reservation. In the event it is used, please notify the GSR Medical Staff so it can be restocked, and the required log entry may be included in the camp's first aid logbook.

MEDICATION DISPENSATION

Medications are distributed before and after all three meals in Gilbert Dining Hall. Special times may also be arranged, if desired (especially in the case of nighttime / bedtime medications). For units at Camp Bell, medications will be administered at the Safety Pavilion with cooler pick-up at breakfast and dinner. For lunch time medications, Scouts will be given the appropriate dose in a medication envelope, if deemed appropriate by the GSR Medical Staff. Medications are a shared responsibility between the camper, adult leadership, and GSR Medical Staff.

A Unit Leader will accompany youth from your unit to medication dispensation to be certain: a) those that need meds are taking them, and b) to make certain the meds are given to the correct individuals. All medication will be administered under the direct supervision of approved medical professionals.

Reminder: ALL meds, per NH Law, will be stored only where the GSR Medical Staff authorizes.

AFTER-HOURS ASSISTANCE

Each camp's administration building will be staffed from 7:45AM - 12:00AM (midnight). In the event of a major emergency, seek a nearby staff member or utilize the phones located in camp, as well as the various emergency phone numbers posted around camp. Please note, there is an emergency use phone on the Bell Hill Showerhouse. All key staff are accessible by radio 24/7.

VERIFICATION OF NO-SHOWS

May 31st is the deadline for unit roster submissions. Arrival day in camp will verify this roster. During check-in, if someone does not show up, units must notify the Camp Management immediately. The Unit must attempt to reach the missing people immediately. If any missing person has not arrived or has not been heard from by the first meal after arrival time, the unit and the Camp Management must meet and make a shared plan for how to determine an action-plan. Accountability is essential for verification of no-shows.

HEALTH & SAFETY

IDENTIFICATION / WRISTBANDS

Your Troop / Crew will provide a camp attendance roster along with other necessary paperwork by May 31. During your check-in, your Unit will need to confirm your roster with the Reservation Support Service Staff who will then issue wristbands / ID's based on campers present. These are to be worn on the right (i.e.: not left) wrist and must stay on for the entire week. (Rotating Leader badges are worn on the outermost garment on the front torso (not on the belt or hat). Each person, whether Scout / Venturer or adult, will receive one wristband for the entire week. Please keep the color of the wristband intact or it will become invalid!

Wristbands serve two purposes in camp. The first purpose is safety and security. If you have a wristband on, all know that you belong in camp. If people come to camp and do not have wristbands, we all share in the duty to find out why they are in camp. The second purpose of the wristbands is they serve as a meal ticket for the entire week. Wristbands are checked as Units enter the Dining Hall during meals. When it is time for your Unit to change leadership roles in the middle of the week, the identification tag must be exchanged with the incoming leader and/or left in your Unit's mailbox. This helps us monitor people coming in and out of camp, as all visitors and leaders must also sign in and out.

If wristbands break, please get them exchanged for new ones ASAP. Bring the broken wristband with you to exchange for a new one. Remember, all visitors must always check in and out of camp and obtain meal tickets as necessary.

OTHER FORMS OF IDENTIFICATION

There are several approved methods of identification at Griswold Scout Reservation. These include:

- Wristband, with the correct color of the week, worn on 'right' wrist
- GSR Staff Uniform
- Easter Seals Staff Uniform (Easter Seal campers have a staff member as ID)
- Vendor with Vendor ID (e.g.: Coca Cola driver at the Trading Post, etc.)
- Special wristband or ID card for special occasion (would be announced in camp)

FOOD & DINING SERVICES

Please note, all dining operations are still COVID-19 dependent. GSR will follow all policies and procedures outlined by the CDC, NH DHHS, and DWC committees. Updates will be provided.

At Hidden Valley, units will have the option of eating in the Gilbert Dining Hall, or in some campsites with camp-supplied food. At Camp Bell, all units will cook in their campsite. Units who are cooking in their campsite, regardless of which camp, will be provided with a full cook-kit, if desired. Coolers, consisting of raw goods, will be delivered in the morning prior to breakfast, and in the late afternoon, prior to dinner.

Across the reservation, all lunch will be a bagged lunch provided at breakfast. It will consist of an assorted sandwich, snack(s), fruit, and drink.

We are very proud of the food service at GSR, and we will do our best to accommodate any pack-out meal requests. If your Troop / Crew would like a meal in the backcountry, or a meal at the campsite, simply submit a pack-out meal request form no later than your two-week pre-camp program planning meeting. We will not be able to accommodate your needs after that time.

FOOD ALLERGIES

Griswold Scout Reservation and Café Services work collaboratively to provide quality food service in all Daniel Webster Council camps. Many special diets can be assisted or handled by Café Services (especially with advanced notice). Occasionally, the camper will need to supply their own food and GSR will store these items for you.

Any member within your unit with a dietary restriction / matter should plan to meet the Chef face-to-face during your Sunday Dining Hall orientation. Notify the Dining Hall Director of the need for this meeting upon arrival.

We are committed to doing our best for each camper who comes to Griswold Scout Reservation. We are quite familiar with most common food allergies already! Every attempt will be made to review the ingredient and menu labels to formulate a plan which ensures proper management of the person's special needs. Persons with food allergies should introduce themselves during their Dining Hall Orientation on arrival day. **Online Dietary Restriction Form:** <https://tinyurl.com/GSRDietaryRestrictions>

The Trading Post carries various official BSA uniform parts, such as shirts and socks, as well as basic camping gear like flashlights, batteries, and knives. The Trading Post is most well-known for its large assortment of snacks, candy, cold drinks, and ice cream! Merit badge pamphlets and extra advancement supplies are also available.

We recommend adult leaders help Scouts budget and manage their finances, as budgeting and personal management are values every Scout should learn. The Trading Post will be open on Sunday arrival, as well as Saturday departure, for parents and family members!

COUNSELOR-IN-TRAINING (CIT)

WHAT IS IT LIKE TO BE ON GSR STAFF? NOW YOU CAN FIND OUT!

Want to learn the magic that goes on behind the scenes? Want to learn and advance your leadership skills?

If you have Scouts or Venturers who will be 14 or 15 this summer, consider sending them to be a part of the GSR CIT Program! Have them choose one of the four, two-week CIT sessions. The weeks must be concurrent!

However, we do not recommend they serve at the same time your unit is at camp.

During their first week, participants will experience, assist, and observe in ten different program areas across GSR (five at Camp Bell, five at Hidden Valley) as well as receive some training in the evenings after dinner. In the CIT's second week, they are assigned to one specific area where he/she will 'practice teach' and see whether becoming a future staff member is right for them!

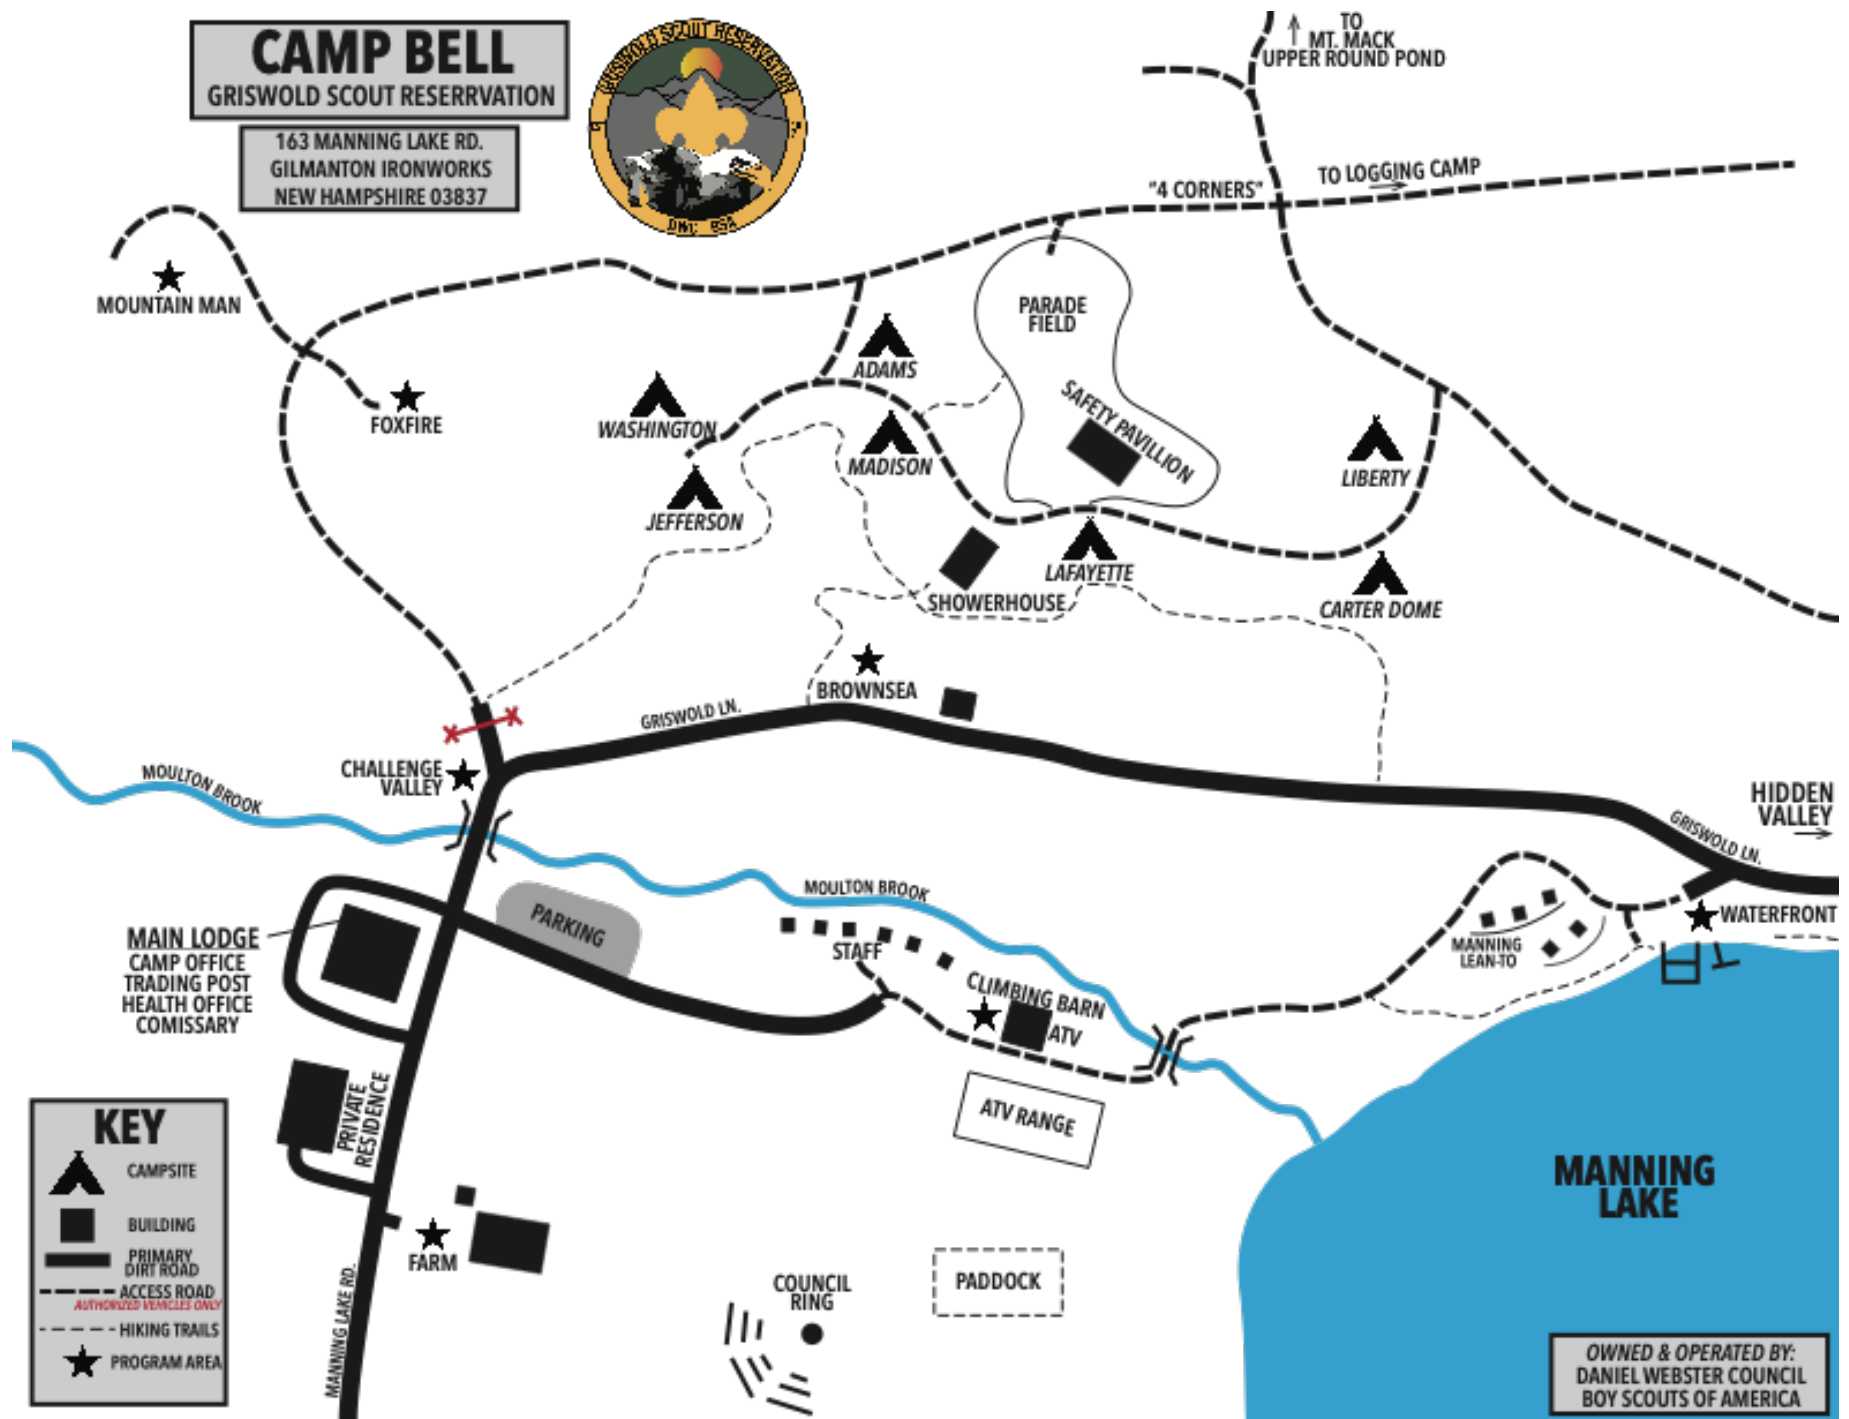

Over the age of 15? Consider joining our staff! GSR is always looking for qualified, enthusiastic individuals of all ages to join our staff! No Scouting experience required!

PROVISIONAL "PROVO"

Haven't had enough of GSR? We don't blame you! Come to camp without your unit! Earn more merit badges, do more program, and do everything you would do with your unit! Camp and make friends with Scouts from all across New England! The fun does not end! The Provisional Troop has a Provisional Scoutmaster and experienced adult leadership by trained members of the GSR staff.

Remember, you don't need to come with your unit to be a Provisional Camper. Many campers are from units who don't attend Hidden Valley Scout Camp during the summer but wish to attend a camp with a great program and a quality staff. Register today!

The Provisional Troop only runs at Hidden Valley Scout Camp, residing in the newly refinished Pioneer Campsite.
