

The Mobile Base Camp is Daniel Webster Council's "Scouting on the Go" Unit.

The Mobile Base Camp brings outdoor adventure across the Granite State. It is the ultimate all-in-one, hands - on, fun-filled activity solution delivered in a 20-foot trailer towed by a truck.

The Unit is self-powered, using custom built-in generators the ranges inflate in minutes and lights are available for evening festivities.

Just like our Scouts, we are always prepared to offer activities for everyone! Try your aim inside our all-enclosed bb range or inflatable archery range. Grab friends and jump into our Gaga Ball pit, play a game of Spikeball or kick your way to a bullseye with giant Soccer Darts. Families can also learn all about fish native to New Hampshire with the Backyard Bass waterless fishing activity.

Experience all that Scouting has to offer and join the movement today at beascout.org.
